If that order has been passed by a two third vote, the Court need not look back to see whether or no there was a petition presented signed by two thirds of the owners of property on the street to be improved; for the petition is not needed in such a case But if the order only purports to have been made by a majority of the members of the Council, the Court must look back and see whether a petition has been filed which authorized a majority to pass the ordinance or the order. In the month of December, 1858, the undersigned fo the first time offered for sale to the public Dr. J. Bovee Dods' Imperial Wine Bitters, and

@68c for Eastern; 59@64c for damaged; 73 in this short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising simply from a neglect of small complaints is surprising, and it is therefor of the utmost importance that a strict attention to th least and most triffing bodily ailment should be had for diseases of the body must invariably affect the mind,

from all who have not used them. We challenge the world to produce their equal. These BITTERS for the cure of WEAK STOMACHS, GENERAL DEFILITY, and for PURIFYING and ESRICHING the BLOOD, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all its parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to Females, where a Tonic is required to strengthen and brace the system. No lady who is subject to lassitude and faintness, should be without them, as they are revivify-

ing in their action. THESE BITTERS Will not only Cure, but Prevent Dis-

They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are al valuable remedy for persons addicted to the use of excessive strong drink, and who wish to refrain from it. They are pure and entirely free from the poisons contain-

ed in the adulterated Wines and Liquors with which the country is flooded. These Bitters not only CURE, but PREVENT Disease and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent.

Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity. Physicians, Clergymen, and temperance advocates, as an act of humanity, should assist in spreading these truly

valuable BITTERS over the land, and thereby essentially

aid in banishing Drunkenness and Disease. Dr. J. BOVEE DODS'
